# Why Do We Have Specialized Programs

- To ensure kids have access to the Least Restrictive Environment in their community
- To provide maximum amount of opportunities for Inclusion
- Fiscal Benefits

# The Bridge Program

- Provides a flexible model that can serve general and special education students with a wide range of service delivery
- Provides services ranging from full inclusion to substantially separate programming with the opportunity for inclusion
- Students are able to receive and access to a therapeutic setting and social, emotional and behavioral supports throughout their day

# The Foundations Program

- Provides services ranging from full inclusion to substantially separate programming with maximizing opportunities for inclusion
- Students are able to receive specifically designed instruction and access to a therapeutic setting and social, emotional and behavioral supports throughout their day
- Trauma informed practices are embeded into all aspects of programming

# The STARR Program

- Specialized Targeted Academic Resource Room (STARR)
- Provides significant modification to the academic curriculum that begins at instructional level and moves toward grade level material based on their individual needs
- Provides support within general education setting to access modified curriculum and maximize inclusion opportunities during instruction
